

FALL TUESDAYS TODDLER PLAYGROUP

For Children and their Caregivers

For children between 10 - 20 months of age and their caregiver

Learning through Play: This fun, play-based program supports each child's social emotional, cognitive, and physical development through free play, music and movement, stories, and snack time. (Please bring a nut-free snack from home for your child).

Inspiring Curiosity and Imagination: Educational materials and toys, such as finger songs and puppets, balls, baby dolls, scarves, blocks, and puzzles, spark curiosity and nurture imagination.

Skill-Building with Activities and Exploration: Children take part in activities that promote fine and gross motor skills, sensory exploration, and both cooperative and parallel play.

Connecting through Caregiver Participation: This program helps children and their caregivers grow closer by encouraging them to learn and play together.

Fostering a Unique Developmental Journey: We follow your toddler's lead in the classroom, observing their choices and celebrating their individual growth.

"It is my greatest joy to work with toddlers and observe their wonderful growth over the time we are together."

Susan Hershman holds a bachelor's degree in Child Development from Tufts University and an MA in Education from the Harvard Graduate School of Education. She has extensive experience teaching young children, as well as facilitating parent-child classes at the 92NY Parenting Center. For 13 years, Susan was a professor at NYU's Steinhardt School. Since 2010, Susan has served on the board of Music for Autism. She is passionate about early childhood development, children's literature, play-based learning, and supporting families.
